

# HUNDREDS ARE MADE HAPPY

Wonderful Cures Effected By New System.

## PSYCHOPATHIC DOCTORS

Lectures and Public Healings in T. A. B. Hall Only Demonstrated What Can Be Done in Five Minutes' Treatment.

## GREATER RESULTS

In the Private Office in the Martin House, 16 Broadway, Norwich, Conn.

Norwich and surrounding towns are more or less interested in the really wonderful cures that are being effected by the famous Psychopathic Doctors. They offer a new method of treating disease, more scientific than any now employed, because the vital energy of the human body is controlled without the use of drugs or surgical appliances. They have studied and investigated all the modern methods of successfully treating disease without poisonous medicine, such as Animal Magnetism, Mesmerism, Hypnotism, Electrotherapy (electricity), Acupuncture (the light cure), Vibration and massage, Psychic force, Mechanical Therapy, mental science, Biochemistry, suggestive therapeutics, etc., etc., by discarding the useless and accepting the good from all by skillful combinations, judicious tests and patient applications, they have evolved a system of healing which, together with their regulations and rules for diet, exercise and rest, applied to the requirements of the case, is rational in its practical application, and positive results.

The Psychopathic Doctors are permanently located in Hartford for over seven years, where they have permanently cured great numbers of patients from all parts of the state and throughout New England. It requires not only expense, but also the loss of time for Norwich patients to visit their home office in Hartford, they have at large expense, recently opened an office in Norwich for a limited time, in order to become quickly and personally acquainted with as many as possible who suffer from the various diseases who can find no cure by other means. As they are the only specialists in this state giving these treatments, it is their duty to take advantage of their peculiar skill, which they publicly demonstrated for several days in T. A. B. Hall, where many thousands witnessed the marvelous results obtained in a few minutes of time. It is necessary that you should call at their private office immediately, so as to give them time to effect radical cures. By so doing you save both the time and expense of going to Hartford.

Their Norwich office at the Martin House, 16 Broadway, are visited by thousands of people daily, and the genuineness of their cures are vouched for by many of the city's most reputable citizens as the most advanced of all methods for speedy and permanent cure of all diseases that are curable at all.

They have not only the latest, but the most valuable systems of therapeutics ever brought to the light of the world of science, infinitely more powerful in healing power than any other systems combined, embracing the greatest philosophical principles of any age. There is scarcely a form of disease humanity is heir to that the successful specialists cannot permanently cure. They engage the same forces to cure your disease that were instrumental in curing others, thereby removing all nervous congestion, and relieving congestion of every kind if you have been incurable. No matter what ailment you have, no matter how long it has been, how hopeless your case may seem you should not allow another day to pass without taking advantage of their vast experience and wonderful skill.

Hundreds, who have been crippled and so badly affected and never expected to ever see a well day again, are made happy. Yesterday for the first time in two years a young lady who only a week ago would not dare to go out in the street here came to the office of the Psychopathic Doctors to the greatest astonishment of their patients without any assistance. She only received a week's treatment.

To enumerate different such cases would require columns of space in this paper.

While some people doubt, criticize, continue to suffer, allow themselves to be influenced by some who condemn things that they know nothing about, others are made well and happy. When a person condemns this mode of practice, just ask them the reason of their condemnation and you will immediately see that they express a world ignorance on the subject.

It is always wise for people to look on a subject in the right light and not to take it from an ignorant standpoint. Learn the truth for a truth today is a truth tomorrow and forever.

By perceiving the truth of natural methods they have saved hundreds of further suffering from the misery of bodily pains and disease. Their demonstration proved it.

The Norwich office will be kept open for a limited time and they decided to give all who call a free consultation from 9 a. m. to 3 p. m.; Sundays, 10 to 12.

Their book, "The Revolution in Medical Practice," by Dr. L. Blumer, is sold at George A. Davis' book store, 25 Broadway. It is a book that sets you thinking. You should read this valuable book at once as you are sure to discover its worth to you in the knowledge that imparts the encouragement it affords for the sick and well alike to be many times its small cost.

# SEVERAL DIVORCES WERE GRANTED

Five Petitions Heard, Decision Being Reserved in Two—Short Calendar Business and Assignment of Cases.

Twenty-four cases were on the short calendar list in the superior court on Friday morning, but of that number twelve were postponed and four went off the list.

There was a hearing on the petition of Duncan S. Carson vs. Annie E. Carson, in which alimony was asked during litigation. The judge heard the parties and took the papers.

Judgment of foreclosure was granted to the amount of \$5,604.50 and the time for redemption fixed as the third Monday in November in the case of Ross Plant, Jr. vs. Joseph Swatburg, Jr. and others.

Judgment by sale was ordered in the case of Savings Bank of New London vs. Hicks and others. The amount is \$1,032.22.

**Divorce Cases.**

There were five uncontested divorces on the list and all were heard. Three were granted and in two of the cases the judge took the papers.

The first case was that of Mabel Bogue vs. Austin Bogue, Jr., which has been before the court twice in the past week for additional testimony. Mrs. Bogue claimed that her husband committed adultery with her cousin, Edna Bogue, but that she did not live with him after she found it out. Her father told of seeing Edna walking and out riding with Austin Bogue. The judge took the testimony of the defendant's mother and the witness saw him walk there with her often. Others told of the facts in the case. The judge took the papers.

**New London Couple.**

After a courtship of three weeks, Sylvester Lawrence told Judge Case on Friday that he married Bertha Kimball of New London, the date being about three and a half years ago, but he was not sure of it. After he married her he lived with her two months and then left her and six months after their marriage she had a child which was not his. He asked for a divorce from her, as he said she had good birth to another child since he had left her and he had been told she committed adultery, but did not know of it to his own knowledge. Mrs. Jennie Wright testified that Mrs. Lawrence is in the New London almshouse and has had four children. Mrs. Lawrence told her that a man not her husband was the father of them. Several others testified in the case, after which the judge took the papers; although he remarked upon the fact that a man should marry a woman after such a short courtship and then leave her in two months.

**Divorce for Desertion.**

Upon the grounds of desertion Ethel Rose, of Norwich, president of the Board of William Rounds of New London. Her maiden name was Ethel Besse Stanhope and she was allowed to resume it. She testified that they were married July 2, 1895, at Bridge-

port, her husband being a conductor. They lived in Bridgeport and New London, she being obliged to support him ever since she married him. In 1906 he deserted her without cause, and his whereabouts are not known to her. She did not make any great effort to get him back after he left. Other witnesses said he was a poker player and still boards in New London.

**Judgment for Adultery.**

Finding that the charge of adultery had been proven Judge Case granted a divorce to John G. Kenyon of Stonington from Mary L. Kenyon of the same town. The plaintiff testified that his wife got letters from a soldier and he later found she had been going with other men. Her maiden name was Mary Wilding. She left for New Bedford once, taking her three children, and at the station she kissed Harry Burdick goodbye. Later she returned and they tried living together, but she still loved Burdick, and other witnesses said they had seen them together often. Sheriff Casey testified that he got Mr. Kenyon's wedding ring from Burdick for the plaintiff and other things had been given to Burdick. Burdick called on Mrs. Kenyon frequently and at times she locked the children out. It was testified to by Mrs. William Blackburn that she found Burdick in Mrs. Kenyon's room. Mrs. Kenyon was given the custody of the children.

**Another Adultery Case.**

George C. Loomis, Jr., was given a divorce from Ruby M. Loomis, the former being of Stonington. They were married in January, 1901, the defendant's maiden name being Edna. He told of his wife's unfaithfulness and said that he has one of the children and she the other. Eldora Chouard of this city is the respondent. It was the testimony of Western policemen that she was out late at night with men in Western and Pawtucket and letters and pictures of other men which Mrs. Loomis had received were shown. A deposition was presented from a cousin of the defendant, stating that he had seen the defendant and Eldora Chouard occupying the same room. The plaintiff was given the custody of the child.

**Cases Assigned.**

The following cases were assigned for trial:

Tuesday, Nov. 15.—J. F. Wells vs. the city of Norwich (on trial); Eunice H. Allen vs. the city of New London; Margaret Plunkham vs. the town of Stonington.

Wednesday, Nov. 16.—Alice S. Dench vs. the city of New London; Penelope Maynard vs. the town of Norwich.

Thursday, Nov. 17.—Laurie Maine vs. Luther Gray and other adms.; Sarah Franklin vs. Irving G. Spencer.

Tuesday, Nov. 22 (special)—Perkins vs. Latham et al. exors.

**EASTERN SCREW COMPANY DOING GOOD BUSINESS.**

Orders on Hand for Over Six Months' Work.

A concern which has within a short time, succeeded by means of a brass band, opened up a factory on Washington street, New Haven, says the Times-Leader, nearly opposite the new school building which is being erected on that thoroughfare, already has orders enough to keep it going for six months and find that it is unable to get machinery fast enough to keep up with customers' demands.

The concern is the Eastern Machine Screw corporation, recently organized with a capital of \$50,000 in 400 preferred and 600 common shares.

Those interested in it are Norris S. Lippitt, of Norwich, president; J. E. Hübner of New Haven, vice president; William H. Gates of New Haven, second vice president; Walter S. Gardner of Hartford, treasurer; and Benjamin P. Greene, secretary; Arthur J. Dawley, Norwich; Robert O. Eaton, J. Henry Roraback and Solomon Youngerman, directors.

As fast as new machinery can be secured it is being installed and those interested in the concern are much interested in the results already accomplished by the company.

**ART EXHIBIT.**

Director Thompson Will Allow It to Remain at Converse Art Gallery a Few Weeks.

Finding that visitors are much interested and appreciative, Director G. A. Thompson of the Norwich Art school has decided to keep his exhibition of paintings open somewhat indefinitely at the Converse art gallery. Though he has been obliged to send two or three pictures away for other exhibits, the pictures have been taken by other pictures and will be open for the public to view from 2 to 5 p. m. any week day for the next two or three weeks. Some of the pictures will be kept there as a permanent exhibition.

**"Just Say" HORLICK'S**

It Means Original and Genuine Malted Milk

The Food-drink for All Ages. More healthful than Tea or Coffee. Agrees with the weakest digestion. Delicious, invigorating and nutritious. Rich milk, malted grain, powder form.

GOOD CLOTHES. Norwich.

At Poll's.

Friday afternoon four men and four women were called upon to act as judges at the baby show at Poll's, there being about 15 entries. It was a difficult task, but the judges, Murray was awarded the \$5 gold piece and Buster Jones the \$2.50. There will be four prizes next week, two for the baby girl and two for the boy.

In the evening the burlesque of the act To Alaska or Bust, was done to the enjoyment of the audience by Messrs. Carberry, Baker and Brady. They were the hit of the evening.

**LEGISLATURE MAY DECIDE.**

Millard Deadlocked Over Ballot for Two Representatives.

After a dispute lasting for twelve hours from the closing of the polls, the six members of the Millard vote went home at 5 o'clock Wednesday morning for a deadlock. The deadlock was caused by certain of the Australian ballots, the three republican counters agreeing in their support of Judge Charles H. Root, the moderate, and the three democrats holding out against his ruling. It will be up to the house of representatives to settle the dispute, for it involved only the two candidates for the house of representatives.

The returns from Millard indicate a plurality for Goodwin of 42, with the rest of the state ticket was elected by about 100 plurality. There is no dispute as to the outcome of the vote on state candidates.

The vote on the candidates for the house, according to the count as made under the system employed by the moderator, showed three republican counters, showed the election of Merwin and Evans, both republicans, while under the count as made by the democratic counters, Merwin and Clark, republican and democratic candidates, respectively, are elected.

Rev. Dr. C. A. Stanley, for nearly half a century a missionary in China, died in Boston, aged 75 years.

WASH THAT ITCH AWAY

It is said that there are certain springs in Europe that give relief and cure to Eczema and other skin diseases. If you know that by washing in these waters you could be relieved from that awful itch, wouldn't you make every effort to take a trip to Europe at once? Would you not be willing to spend your last cent to find the cure?

But you need not leave home for these distant springs. Relief is right here in your own home town!

A simple wash of Oil of Wintergreen, Thymol and other ingredients as compounded only in D. D. D. Preparation will bring instant relief to that terrible burning itch and leave the skin as smooth and healthy as that of a child.

If you have not already tried it, get at least a 25 cent bottle today. We assure you of instant relief.
